

## **TRANS-**

*Young artist without taboos ready for group experience, is searching hot partners for new experimentation. TRANS- is a project aiming to collect video productions from young contemporary creation in art schools in a Queer perspective (1).*

Experimentations, presentations, revendications : let's speak about identity, let's speak about sex, let's speak about desires, let's speak about gender, let's speak about limits, let's speak about norms, in a will of TRANS- formation / mutation / gression.

If you are excited, send TRANS to **hall.noir@bandits-mages.com** and make a proposition (video, filmed perf., docu., video installation, animation, ...).

Horny to meet you,

V. Higelin, ESAL Metz, in charge of curation for HALL NOIR space – student program of the Rencontres Internationales Bandits-Mages 2014

(1) QUEER : Queer is above all a converging term for all those – including heterosexuals – who does not recognize themselves in society heterosexism, and search to redefine gender issues, understanding gender as constructed and not a natural fact.
